**We need to #RestoreNature**

**#TaxonomyForNature**

## The taxonomic community urges the decision-makers to approve the law

The Nature Restoration Law would be a cornerstone in the fight against biodiversity loss. It should be approved without reducing ambitions.

Follow breaking news using **#RestoreNature** and **#TaxonomyForNature** on the Social Media

**THE WINNER OF THE  
4TH E-SCORE AWARD**

**IS LARA-SOPHIE DEY  
FOR HER ANALYSIS ON THE  
SPECKLED BUZZING GRASSHOPPER**

THE PH.D STUDIES AT THE LEIBNIZ-INSTITUT ZUR ANALYSE DES BIODIVERSITÄTSWANDELS

**Lara-Sophie Dey won the  
CETAF E-SCoRe Award**

Her paper suggests that anthropogenic modifications and land-cover changes are more likely the reason for the fast and ongoing decline
